CONCERNING the injunction proceedings brought by D. C. Edwards to prevent the county clerks in the 11th district from placing Dr. Godfrey Hunter's name on the ballots, Judge T. V. Morrow, of Somerset, probably the best authority in the republican party, says that in his opinion the injunction obtained by the Edwards men in the Laurel circuit court is void as to clerks except the one in Laurel county. He holds that court to be without jurisdiction outside of Laurel county. He had the same question before him in the Colson-Adams contest some years ago and dismissed the injunction as to all the clerks except the one in Pulaski county, where action was brought. Judge Morrow is also of the opinion that J. S. Cooper is not the governing authority in the 11th Congressional district, but C. M. Barnett, the governing authority of the State, and the district and State committees are the governing bodies within their respective jurisdictions.

The Democratic State Campaign Committee is receiving numerous letters from various parts of the State telling of the action of the republican leaders in certain counties which have republican sheriffs. With two members of the county election boards of various counties, the republicans are ignoring the law, and have refused to allow democratic representation in the voting booths. In many precincts only republicans have been appointed to serve as election officers, and the democrats are allowed no voice in the procedure. The Campaign Committee has called on all democrats to assert the rights given them by law, and to insist on a fair and equal representation at the polls.

THE INTERIOR JOURNAL has just rounded out its third year under the present management and the editor desires to thank the subscribers, advertisers and patrons generally, who have so liberally patronized it and who, by substantial aid and kind words, have made its regime both pleasant and profitable. A glance at our advertising columns shows what we are doing in that line, and our large and growing circulation bears silent testimony to the fact that nearly everybody in this entire section reads the I. J., while the paper finds its way to thousands of homes in other counties and States.

Don't fail to hear Mr. Gilbert at the court-house to night. He is an exceedingly pleasing speaker and he will both entertain and interest you.

THE public is soon to be edified, or instructed, as the case may be, through the instrumentality of Capt B J Ewen, formerly of Jackson, and who was the principal witness against Curtis Jett and Tom White, at their recent trial and conviction at Cynthiana, for the murder of James B. Marem. Captain Ewen has decided to invade the lecture field, and has also published a work, consisting of a brief biography of him self and his life experience in the feuds of the mountain districts of Eastern Kentucky.

HON. A. E. WILLSON is one of the most distinguished republicans in the State. He was unmercifully turned down by the federal officeholders in Louisville convention, who have been trying ever since to get him on the stump. Had he been nominated he might have given Gov. Beckham a chance to show his mettle in a race, as it is Belknap cannot furnish him amusement even of the simplest kind.

THE Somerset Journal truthfully remarks: Four-fifths of the white voters of Kentucky are democrats; four-fifths of the employers of labor in Kentucky are democratic; four-fifths of the taxes are paid by democrats in Kentucky, and the democrats are entitled to control Kentucky, and the voters will see it at the polls that democrats shall continue in control.

WE do not know much about the town of Louisa, but the fact that "I didn't Dead" Dehort didn't have a soul to bear his speech after he had been extensively advertised to deliver an "oration," makes us feel kindly toward her citizens, who evidently haven't the time to waste on the old numberkull.

A SINGER stamp in the circle under the rooster on your ballot means a vote for the entire democratic ticket, but you must not stop there. Cross over to the last column and vote "Yes" on the court-house and Constitutional Amendment propositions.

JUST one week more and the agony will be over. The republicans are working night and day. If the democrats will do likewise the first ticket on the ballot will win hands down and all will be well.

POLITICAL.

Robert Wilcox, former Congressional delegate from Hawaii, died in Honolulu.

Richmond Pearson, United States Minister to Persia, was fined in Italy for inebriating a railway official.

Dr. William R. McNaughton, prominent in republican politics in the Third Indiana Congressional district, died of heart failure.

Senator Morgan will introduce a resolution on the Isthmian canal question at the extra session of Congress. He will endeavor to show that the Panama route is beyond consideration.

The next Legislature will be asked for an appropriation of \$150,000 for the erection of new buildings for Kentucky State College, at Lexington. The enrollment this year is 700 and the accommodations are inadequate.

Arrangements have been completed for the big democratic rally to be held at the Auditorium, Louisville, on next Wednesday night, October 28. The speakers will be Gov. J. C. W. Beckham, Congressman Swagar Sherley and Judge James H. Mulligan. Judge Sterling B. Toney will preside.

The democratic rally at Hopkinton Saturday afternoon was one of the most magnificent held during this campaign. Ten thousand people were in attendance, and it is estimated that 8,000 heard Gov. Beckham and Congressman James speak in Union Tabernacle. The enthusiasm ran so high that Gov. Beckham was picked up and carried around the building on the shoulders of a crowd of men. The parade was an exceedingly long one. The Governor rode in a carriage between a retinue of young women and their mothers on horseback.

HERE AND THERE.

The bank of Irlato, Minn., was blown up with nitro-glycerine and robbed. Former Congressman Thomas J. Van Alstyne, of the Albany, N. Y., district, is dead.

Dowle's coach and train were seized in New York on attachment secured by an attorney for a fee.

The immigration to the United States during the fiscal year of 1903 reached 557,000, an increase of 208,303 over last year.

Three children, aged three, four and five years, were suffocated in a sandpit in which they were playing at St. Paul, Minn.

Lieut. Peary delivered an address in Washington in which he stated that he believed the North Pole could be found in two years at a cost of \$150,000.

By the general shut down of the Amalgamated Copper Co. at Butte, Mont., from 13,000 to 15,000 men are directly thrown out of employment and others will be indirectly affected within a week, so that the grand total will reach 20,000.

The only county office to be filled this fall is that of Representative S. D. Cochran and Circuit Clerk J. W. Hamilton. The republicans have made no nominations for these offices.

E. McWhorter, of London, will reside here after Jan. 1st, having rented the Sougars dwelling on Danville Avenue. Mr. McWhorter is a man of ability and means and Lancaster welcomes him.

An agent of the State Auditor was in our city for some days and has had a number of tax payers summoned to show cause why they were not required to pay taxes on certain mortgage notes, which have not been listed for taxation.

The protracted meeting which has been looked forward to with so much interest began Sunday morning at the Christian church, Rev. F. M. Tieder preaching two excellent sermons Sunday. Dr. H. D. Smith, of Hopkinsville, will arrive Monday to take part in the services.

The friends of Mr. Lewis Doty will be grieved to hear of his death. For two weeks he was in a very critical condition at the residence of his father in this city. Mr. Doty resided in Lincoln county, where he left a host of friends, who will regret to learn of his untimely death.

The local W. C. T. U. has been receiving donations of clothing, books and toys to be sent to the school at Hindman, Knott county, which is supported by the noble W. C. T. U. of the State. These will be expressed this week but will not reach its destination until near Christmas.

Miss Pauline Arnold, of Jellico, Tenn., was married to Mr. Lester Wilson, of Greenville, Miss., at the residence of Mr. Geo. T. Harris on Wednesday evening. After the wedding they were entertained at dinner by Mrs. Harris, sister to the bride, after which they left to tour through the South. They will reside at Greenville.

It is with regret that we notice the list of our worthy citizens who have left the county to reside in the West. Mr. Ike Dunn to Kansas City, Mr. Wm. W. Walle, Mr. W. Y. Curry and Mr. A. Spoonamore to Kansas, Jas. C. Pollard to Oklahoma, Henry Moore and Tom Walle to the West and Sam Spoonamore to California. Fortunately for us others are coming in to take their place.

I have had occasion to use your
Black-Dragnet Stock and Poultry Medi-
cine and am pleased to say that I never
used anything for stock that gave half as
good satisfaction. I heartily recom-
mend it to all owners of stock.

J. B. BELSHNER, St. Louis, Mo.

Sick stock or poultry should not
eat cheap stock food any more than
sick persons should expect to be
cured by food. When your stock
and poultry are sick give them medi-
cine. Don't stuff them with worthless
stock feeds. Cut and the bowels
and air up the torpid liver and the
animal will be cured, if it is possible
to cure it. Black-Dragnet Stock
and Poultry Medicine will do the
bowels and air up the torpid liver.
It cures every malady of stock if
taken in time. Secure a 25 cent can
of Black-Dragnet Stock and Poultry
Medicine and it will pay for itself ten
times over. It works better. Cows
give more milk. Hogs gain flesh.
And hens lay more eggs. It solves the
problem of making as much blood,
flesh and energy as possible out of
the smallest amount of food con-
sumed. Buy a can from your dealer.

STANFORD. . . KENTUCKY

MIDDLEBURG.

Jack Frost visited this section Friday
night.

Rev. W. G. Bradford, of this place,
is engaged in a meeting at Highland.

Another dry spell is on in this sec-
tion and stock water is again becoming
scarce in some parts.

Mrs. John Carter, of Burnside, vis-
ited friends and relatives here. James
Wesley is rustleating in Lincoln.

Rev. G. W. Young, of Georgetown,
field secretary of the Intercolonial
Temperance Union, lectured at
the M. E. church Tuesday night to a
large audience.

The residence of Mrs. Mary Fogle
caught fire Tuesday, but was soon ex-
tinguished with small loss. There was
insurance and settlement was made
with Agent Mahoney next day.

Only one week until the election and
it behoves every democrat to be up
and doing and make the majority so
large that the enemy will not dare cry
fraud. They are already puckering
their mouths and getting it in shape.

R. H. McAlloch will move to his
property near the college next week
and James Kiggins will take possession
of his farm, while the former vacates.
Squire Turner will move to the toll
house near Green River church after
the election.

Mrs. Nathan Hicks has been very ill
with typhoid fever, but is some better
now. Her husband is just getting up
from an eight weeks' siege of the same
trouble. Daniel Mason has been con-
fined to bed with something like
fever. The other sick are on the mend.

Rev. J. Q. and Wyatt Montgomery
are holding a series of meetings at the
Liberty Christian church. Rev. Owene,
of Somerset, who has been called to the
Elkville Baptist church, is engaged
in a meeting at McKinney. There are
several other protracted meetings go-
ing on in the county.

In an injunction suit between Capt
Ed Peck and Prof. Rector, both of
Dunoville and both of whom claimed
the republican nomination for Repre-
sentative from the Casey-Kentucky
district, was decided in favor of Capt. Peck
by Judge Jones in a decision at
Jamestown. The matter is not at all
settled and the factions are scrapping
like Kilkenney cats, and the democ-
ratic, fool like, though tickled, look
on without a candidate, though a good
democrat could win in a walk.

There are several sore republicans
in Casey and throughout the 11th dis-
trict as a result of the Middleboro con-
vention. This county instructed for
Edwards by a big majority and they
are still contending that he is the
regular nominee and hope yet that the
name of D. C. Edwards will go under
the log cabin. As between Hunter and
John D. White, whose device will be a
double log cabin, many will stamp under
the latter. The g. o. p. of the coun-
ty and district is split in twain and
there are half a dozen more factions,
each at loggerheads with the other.

The series of meetings which have
been going on at the Baptist church for
the past 12 days, came to a close Friday
night. Except for physical ailment
Bro. Ferrell would have continued the
service over until Sunday. Bro. Baker
left for Burnside Friday. Though
there were but few open conversions,
great and lasting good was accomplished
by Bro. Baker.

Bro. Baker is a deep thinker and
a most convincing talker. The church,
while reimbursing the visiting minis-
ter liberally for his untiring services,
subscribed a good amount to the Bap-
tist church now under construction at
Burnside. The ordinance of baptism
was administered at the mill pond Sun-
day after services.

Col. James W. McWhorter, of this
city, was married Thursday to Mrs.
Melvina Gooley, of the Wallacetown
section. The ceremony took place at
the home of Mr. J. F. Adams and was
performed by Rev. J. B. Ferrell. The
groom is prominent citizen of Middle-
burg, known by all and is in his 70th
year, while the bride, a most estimable
lady, is 18 years his junior. The groom
had been married about half a century
ago to Miss Mary Sweeney, who died
some three years ago. Several children
blessed the union. Here's hoping that
a new lease of life will be given them
and that joy, happiness and prosperity
will always attend them.

Col. Morris Buckner Belknap, the
"proxy man," who thinks he is run-
ning for governor and the hero of a
half hundred sunny afternoons spent
drinking champagne during the Porto
Rico outing, will speak at Liberty on
Wednesday, and needless to say the
fans from the four winds will be there
and it is predicted that icebergs and
snowballs will be in evidence. Mr.
Belknap is a good business man and
will poll a large vote—will undoubtedly
carry the "bloody 11th," but it is a
dead sure thing he will never be Ken-
tucky's governor if only the democ-
racy—the tried and true, will do their
duty and march to solid phalanx to the
polls on Tuesday next and register
their suffrage for the admirable ticket
headed by Gov. Beckham.

Gained 40 Pounds in 30 Days.

For several months our younger brother
had been troubled with indigestion. He tried several remedies but got no
benefit from them. We purchased some
of Chamberlain's Stomach and Liver
Tablets and he commenced taking them.
Inside of 30 days he had gained 40 pounds
in flesh. He is now fully recovered. We
have a good trade on the Tablets.—HOL-

tucky.

"The General Assembly may, by

OF TOWNS OF ANY CLASS to pro-
vide for taxation for municipal pur-
poses, on personal property, tangible
and intangible, based on income, li-

"Provided, cities of the first class
shall not be authorized to omit the in-
position of an ad valorem tax on such
property of any steam railroad, street
railway, ferry, bridge, gas, water, heat-
ing, telephone, telegraph, electric
light or electric power company."

Run A Ten Penny Nail Through
His Hand.

While opening a box, J. C. Mount, of
Three Mile Bay, N. Y., ran a ten penny
nail through the flesh part of his hand.
"I thought at once of all the pain and
soreness this would cause me," he says,
"and immediately applied Chamberlain's
Pain Balm and occasionally afterward.
To my surprise it removed all pain and
soreness and the injured parts were soon
healed." For safety W. N. Craig.
